

Guiding Principles for Fundraising

We at Outhouse are fully committed to achieving the standards contained within the Statement of Guiding Principles for Fundraising.

We commit to doing this by:

- Maintaining good fundraising practice
- Providing high levels of accountability and transparency to our donors and prospective donors
- And by providing clarity and assurances to you about how we spend your money

The Statement of Guiding Principles for Fundraising is a guide to best practices that has been developed by a steering group set up in response to the Charities Act 2009. It is a voluntary statement of intent that we, as fundraisers for Outhouse CLG, fully intend to follow and lead others to do the same.

We at Outhouse CLG have considered the Statement and we believe we meet the standards it sets out.

We welcome your feedback on our performance. If you have any queries please do not hesitate to get in touch with us.

It is important to us as a national charity who rely on the goodwill and generosity of the public, to instil a sense of openness, honesty and transparency amongst such valuable donors. It is not enough that we uphold what is expected of us by law, we intend to do our very best to provide the best services and have the utmost respect for our donors.
